## EVENT-1: A Step towards Competitive Programming

Google Developer Student Club (GDSC), CSE, RCOEM organized an offline event “A Step towards Competitive Programming” from 19th August 2022 to 3rd September 2022 for 1st year students of RCOEM. An offline session was conducted on 19th and 20th August to explain the importance of competitive programming. The students were allocated a task to be completed within 2 weeks. Doubt solving session was conducted on 27th August 2022. The event's primary objective of the event was to instill the importance of competitive programming practices among beginners. The participants gained first-hand experience with C and C++ programming techniques. They also gained insights into various competitive programming events and platforms. The team also created a leaderboard for the students to monitor their progress and track their competitions. The event concluded on 3rd with many positive feedbacks. About 349 students participated in the event and were benefited.
