Electronics and Communication Engineering**

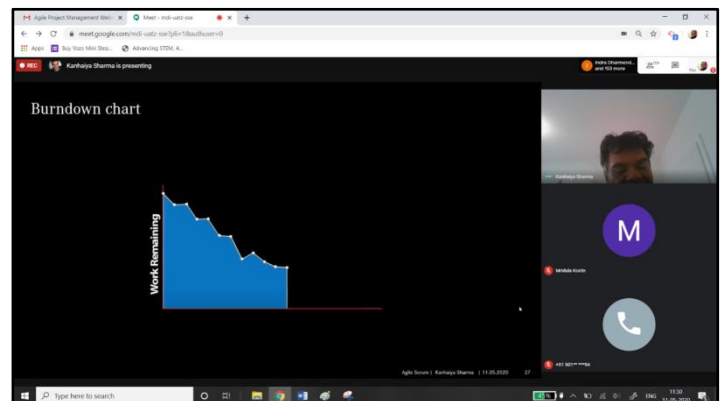

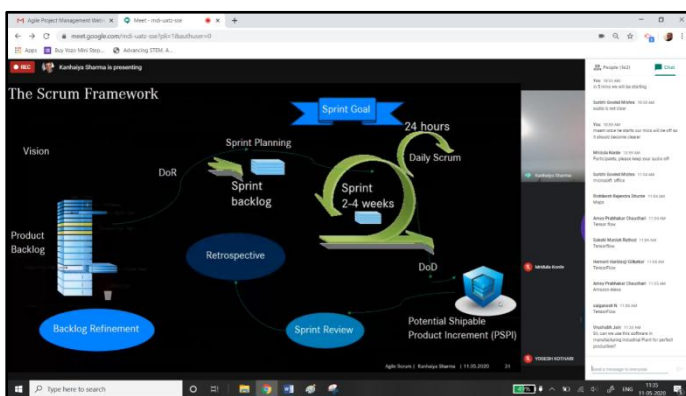

Date: 11/05/2020

**Report on Webinar**

A webinar on “Agile Project Management” was arranged for current students as well as alumni of Electronics and Communication Engineering Department on 11th May, 2020. The expert lecture was delivered by Mr. Kanahiya Sharma, Program Manager, Mercedes-Benz, Germany (RCOEM Alumni 1998) and was arranged with an view to create an interesting stimulus among students regarding the course Agile Scrum. Mr. Kanahiya Sharma presented a delightful insight to the subject while discussing the main relations of the webinar during this lockdown period with industry project management development.

The lecture began with a very interesting notion about the Agile Scrum in various companies like Tensor Flow which Mr. Kanahiya Sharma carried away speedily and steadily. Mr. Kanahiya Sharma discussed about various case studies/scenarios of Agile Scrum development and utilization in current company trends. Mr. Kanahiya Sharma emphasized on the practical relevance of the course and specifically mentioned to have simulation based teaching and assessments for a better understanding and learning experience. He also offered to extend the support further in future for the development of the students related to this or embedded systems course.

In this Webinar 576 registrations had come yet 153 participants attended and received the e certificates duly signed.
